

Our Mission

PAWSITIVE SANCTUARY IS A NONPROFIT
ORGANIZATION PROVIDING MEDICAL CARE AND
SAFE SHELTER TO STREET DOGS IN AMRITSAR, INDIA.

Our Mission

2024

—A YEAR OF COMMUNITY

In 2024, Pawsitive Sanctuary marked five years since opening our gates to Amritsar's most vulnerable street dogs.

Since 2019, we've provided medical care, love, and shelter to thousands of sick, injured, and paralyzed animals — many who had nowhere else to turn.

This year, our community's compassion shone brighter than ever. For the first time since the pandemic, we reunited in person with volunteers, local vets, and supporters who make our mission possible. Each moment together reminded us: this work is people-powered.

A Safer Life for Hundreds More Dogs

Thanks to your generosity, over 2,300 animals received lifesaving treatment in 2024 alone. We reached a major milestone — 2,000+ dogs have now been safely neutered/spayed, helping control the stray population and prevent future suffering.

Together, we're building a kinder, healthier future — one dog at a time.
